INVESTOR PRESENTATION

- This Presentation contains forward-looking statements with respect to future results, performance and achievements that are subject to risk and uncertainties and reflect management's views and assumptions formed by available information. All statements other than statements of historical fact are statements that could be considered forward-looking statements. When used in this document, words such as "may", "will", "should", "anticipate", "believe", "estimate", "expect", "intend", "plan", "project", "seek" or "target" and similar expressions, as they relate to the Bank and the market in which it operates, are intended to identify forward-looking statements. Many factors could cause the actual results, performance or achievements of the Bank to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements, including, among others, changes in general economic and business conditions, changes in currency exchange rates and interest rates, introduction of competing products by other companies, lack of acceptance of new products or services by the Bank's targeted customers, inability to meet efficiency and cost reduction objectives, changes in business strategy and various other factors. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described herein. The Bank does not intend or assume any obligation to update these forward-looking statements.
- None of the future projections, expectations, estimates or prospects in this presentation should be taken as forecasts or promises nor should they be taken as implying any indication, assurance or guarantee that the assumptions on which such future projections, expectations, estimates or prospects have been prepared are correct or exhaustive or, in the case of the assumptions, fully stated in the presentation. Neither Bank Dhofar S.A.O.G. ("BD"), nor any of its shareholders, directors, officers or employees assume any obligations to update the forward-looking statements contained herein to reflect actual results, changes in assumptions or changes in factors affecting these statements
- Any investment activity to which this communication may relate is only available to, and any invitation, offer, or agreement to engage in such investment activity will be engaged in only with, relevant persons. Any person who is not a relevant person should not act or rely on this presentation or any of its contents
- This Presentation and discussion are for information purposes only. Any recipients of this presentation and discussion media must not communicate, reproduce distribute or disclose through any media or refer to them publicly or privately, in whole or in part anytime without a written consent from the Bank.

Overview of Sultanate of Oman

Overview

- **Oman - 2nd largest country in the GCC** with an area covering approximately 309,500 km². Strategically placed on the Arabian Gulf, Oman is divided into 11 main governorates and shares borders with Saudi Arabia and UAE.
- **Stable Political System** - smooth transition of power to His Majesty Haitham bin Tariq Al Said in January 2020. In his opening speech, His Majesty promised to uphold his predecessor's peace-making foreign policy and to further develop Oman's economy
- **Population of 4.5mn** - predominantly represented by Omani Nationals who account for 61% of the total population
- **Resilient and Solid Economy** – focus on long-term planning with the implementation of a five-year economic development strategy plan.
- **Real GDP growth** is projected to reach 5.6% in 2022 (IMF)
- **“Vision 2040”** – government led programme, aimed at creating wealth through economic diversification and private sector partnership, building world-class infrastructure, and preserving environment sustainability

Overview of the Omani Banking Sector

- ▶ The Omani Banking Sector comprises 20 licensed banks, of which:
 - ▶ 16 conventional commercial banks: 7 locally incorporated and 9 branches of foreign banks
 - ▶ 2 state-owned specialised banks: Oman Housing Bank and Oman Development Bank
 - ▶ 2 full-fledged locally incorporated Islamic banks
- ▶ The Omani banking sector has been growing consistently in the past decade with banking assets reaching over OMR 39 billion in June 2022.
 - ▶ OMR 33 billion for conventional banks and OMR 6 billion for Islamic banks
 - ▶ Islamic banking sub-sector has been growing considerably in the past years
- ▶ The banking sector has limited reliance on foreign funding, mainly due to strong domestic deposit base

Regulatory Framework set by The Central Bank of Oman (“CBO”)

- ▶ Several regulatory and supervisory initiatives have been implemented by the CBO to develop a competitive and sound banking system
- ▶ Imposing robust bank capitalization levels
 - ▶ Implementation of Basel III regulation
 - ▶ Introduction of a Prompt Corrective Action framework (the PCA) in 2005, which makes it mandatory for banks to take corrective actions if their total capital adequacy ratio falls below a certain level
- ▶ Credit quality and provisioning – implementation of IFRS 9 as a more conservative accounting standard for measuring and booking credit related provisions
- ▶ Funding and liquidity - directing Omani banks towards a deposit-based funding and significant liquidity buffers
 - ▶ NSFR (minimum of 100%) and LCR (minimum of 100%): key reforms to maintain a stable funding profile and a sound liquidity level

Organizational Structure

“Bank’s Strategic Pillars - enablers to consolidate our position as a leading bank in Oman

Focus on four strategic axes

Unparalleled Customer Experience

- Ensure consistency and promptness of the delivery of services across all channels
- Segment-specific model including products, services, and channels
- Digital Banking program to offer convenience and optimize customer reach

- ✓ Designed and implemented customer journeys across multiple channels including e-Banking and new branches
- ✓ Re-engineering and digitization of multiple processes aimed at improving efficiencies and customer experience
- ✓ Implemented CRM to drive sales and enhance customer experience

Strong Brand

- Strengthen brand visibility
- Monitoring of marketing initiatives’ effectiveness and brand perception
- Emphasis on the unique offerings to customers

- ✓ “Best Customer Experience Transformation Strategy Award” – by Customer Experience - Middle East Awards
- ✓ Bank’s branding at Muscat international airport
- ✓ Significant engagement in Social Media

Performance Based Culture

- Increase employee engagement, employee experience and strong performance management
- Improve talent acquisition and retention
- Promote a value-based compliance culture

- ✓ Built the Bank Dhofar Performance Academy and a strong e-learning platform to drive performance culture
- ✓ Continuous review and enhancement of our compliance policies and procedures to ensure full compliance with regulatory guidelines and relevant international standards and practices

Lean Operating Model

- Building a lean culture aimed to achieve continuous improvement to the Bank’s operations
- Ongoing review and revamp of operating models and operations in order to achieve the best fit target operating model for various departments

- ✓ Established Lean Six Sigma Certification program with approximately 120 staff enrolled in yellow, green and black belt certification programs
- ✓ Starting to reap benefits (both financial and non-financial) from lean programs

Continue to expand Islamic banking capabilities

Strengthen Bank Dhofar’s business through inorganic expansion

Award winning and one of the fastest growing Islamic banking windows in Oman

Consider selective inorganic growth opportunities that fit Bank Dhofar’s Strategy and could create value for the different stakeholders of the Bank

- 5. Conclusion

Profit and Loss Statement in glance.

Net Interest/Financing Income

Operating Income

Operating Expenses

➤ Total operating income YTD Jun-22 is OMR 70 Million, which is above by 11.23% as compared to OMR 63 Million recorded during YTD Jun-21.

➤ Total operating profit YTD Jun-22 is higher than YTD Jun-21 by 21.43%.

➤ The YTD net profit after tax is lower by 3.57% when compared with OMR 17.057 million achieved YTD Jun-21.

Operating Profit

Net Provisions

Net Profit After Tax

Gross Loans and Advances

Evolution of Gross loans (Jun-22)

➤ The Bank is adopting a more conservative lending approach with a focus on credit quality.

➤ Diversified loan portfolio across the sectors with a strong franchise in retail.

Gross loans composition (Jun-22)

By Sector

By Product

- Gross NPL ratio stood at 5.57%
- NPL coverage Ratio (total funded ECL stage 1,2&3 against funded stage 3 NPL) continues to improve and stood at 97.4% as at the end of Q2-22.

Funding Mix

OMR million

Customer Deposits

- Stable funding structure with access to diversified sources of funding
- The Bank is primarily deposit-funded with a broadly stable deposit base, including sticky deposits from GREs
- The Bank holds a portfolio of highly liquid investment securities which consists primarily of Omani sovereign instruments, available for repo to obtain immediate liquidity from the CBO if needed

Profitability and Performance

OMR million

Net Revenue Breakdown

- Operating income has remain relatively stable in previous years. The income has started improving in the first half of the year 2022 mainly due to lower COF as compared to previous years.
- Decline in net profit in first half of 2022 as compared to same period last year is mainly due to increase in net provisions as the Bank continues to de-risk its balance sheet and improve coverage ratios.
- Evolution of RoAE should be looked at in conjunction with the improvement of the Bank's CET1 – resulting in a higher capital base

OMR million

Non-Funded Income

Net Profit and Annualised Return on Average Assets & Shareholders Equity

OMR million

Operating Expenses

Cost to Income Ratio

➤ The improvement in cost to income ratio is primarily attributable to increased operating income and active cost management.

➤ The bank has made significant investments in technology and streamlining operational process in the bank to improve controls and improve efficiency.

➤ The benefit of these investments will accrue in the coming years and is expected to further bring down the cost to income ratio.

Operating Expenses Breakdown

OMR million

Yield, COF & NIM Analysis

Asset Yield

Cost of Funds

NIM

➤ The Yield has increased by 0.14%; Cost of Funds decreased by 0.30%; NIM's increased YTD by 0.44%.

➤ The Bank has initiated steps to monitor and improve the Bank's interest yield and is also closely monitoring the cost of funds.

➤ Bank is actively managing NIM's and COF that has led to an increase in Net interest Margins

Capitalization Overview

➤ Healthy CAR and a comfortable capital position thanks to a combination of share holder's equity, retained earnings and balance sheet optimization.

➤ The Bank is reporting capital ratios comfortably above minimum regulatory requirements

➤ The Bank has consistently distributed dividends during the past few years.

Risk Weighted Assets

Dividend History (FY 2021)
